## EXPERIENCE

March 2025 – May 2025

**Intern**, *N9 solution*

- Collaborated with the development team on a MERN stack-based School Management System, contributing to key front-end features using React and Tailwind CSS.
- Participated in Agile sprint planning, code reviews, and daily standups, gaining real-world experience in collaborative software development.
- Troubleshoot and resolved UI bugs, improved component reusability, and optimized rendering performance for better user experience.

---
